OATMILK PANCAKES

BETTER FOR YOU, BETTER FOR THE PLANET!

OATMILK PANCAKES

Our oatmilk American Style Pancakes are made with 100% oatmilk, delivering a delicious taste and lovely fluffy structure! These American Pancakes are perfect for any occasion such as breakfast, snacking or dessert, and are so good that they even taste great cold!

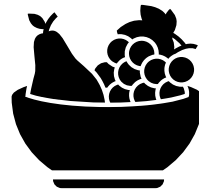

Best of all worlds

Great taste

The use of oatmilk gives these pancakes a rich and delicious flavour

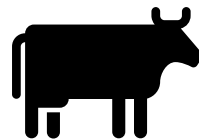

Better for you

The oatmilk pancakes have 45% less sugar and 45% less saturated fats vs conventional pancakes, and therefore score a high **nutriscore B**

Better for the planet

By replacing cow dairy with oatmilk the environmental footprint is reduced by up to 30% less Co2 emissions.

Better for the animals

By not processing cow dairy, Cérélia is contributing to animal welfare.

BEST OF BOTH WORLDS

Reduction of our CO2 footprint whilst delivering a delicious flavour!

Did you know 30% of the global CO2 footprint is caused by the food sector, especially the dairy and cattle industry?
Also 70% of the Cérélia CO2 footprint is caused by ingredients.

By replacing dairy with oatmilk, we reduce over 30% of our CO2 emissions! We use unique in house production of the oatmilk, so no additional transportation emissions.
And the use of oatmilk creates a rich, delicious flavour!

Therefore, the overall impact on climate is reduced, whilst making a rich and delicious pancake

HIGH CONSUMER TEST SCORES

Consumers love it !

And rated the product with a 7.5 / 10

Winning concept
