Making dessert a pleasure

"Making dessert a pleasure"

ARTISAN ICE CREAM

We have made **artisan ice creams** since 1983. We produce our own bespoke range of ice creams and sorbets using our own **traditional methods** of production which have been passed down by the **ice cream experts**.

AN ARTISAN HOMEMADE FEEL

We make pastries with a **homemade feel**. Our pastry chefs make the fruit and mousse mixes themselves and our pastries are assembled by hand including the **hand finishing and decoration**. The products are reviewed at the production stage to ensure they reach our high quality standards.

ORIGINAL CREATIONS

We offer you **two pastry collections each year**, this is the result of our innovative pastry chefs and ice cream experts. We can offer you **bespoke products** and you are very welcome to visit our manufacturing facilities and work alongside us.

SPECIALIST OF ICE CREAM AND DESSERT FOR THE FOOD SERVICE MARKET

For the past 40 years we have developed our ice creams and desserts together with our customers. Our sales team members have great knowledge of the food service sector and we are happy to work with you on your very own desserts' offering.

TRY !

We invite you to try our ice creams and pastries through a sample box. We hope you'll have as much pleasure tasting them as we had to make them.

TAKE AWAY CREATIONS

With the trend towards alternative ways of consuming, our R&D teams worked on developing new products easy to take away and eat on the go. With shapes adapted to finger food or in containers, our new releases are ready to take away !

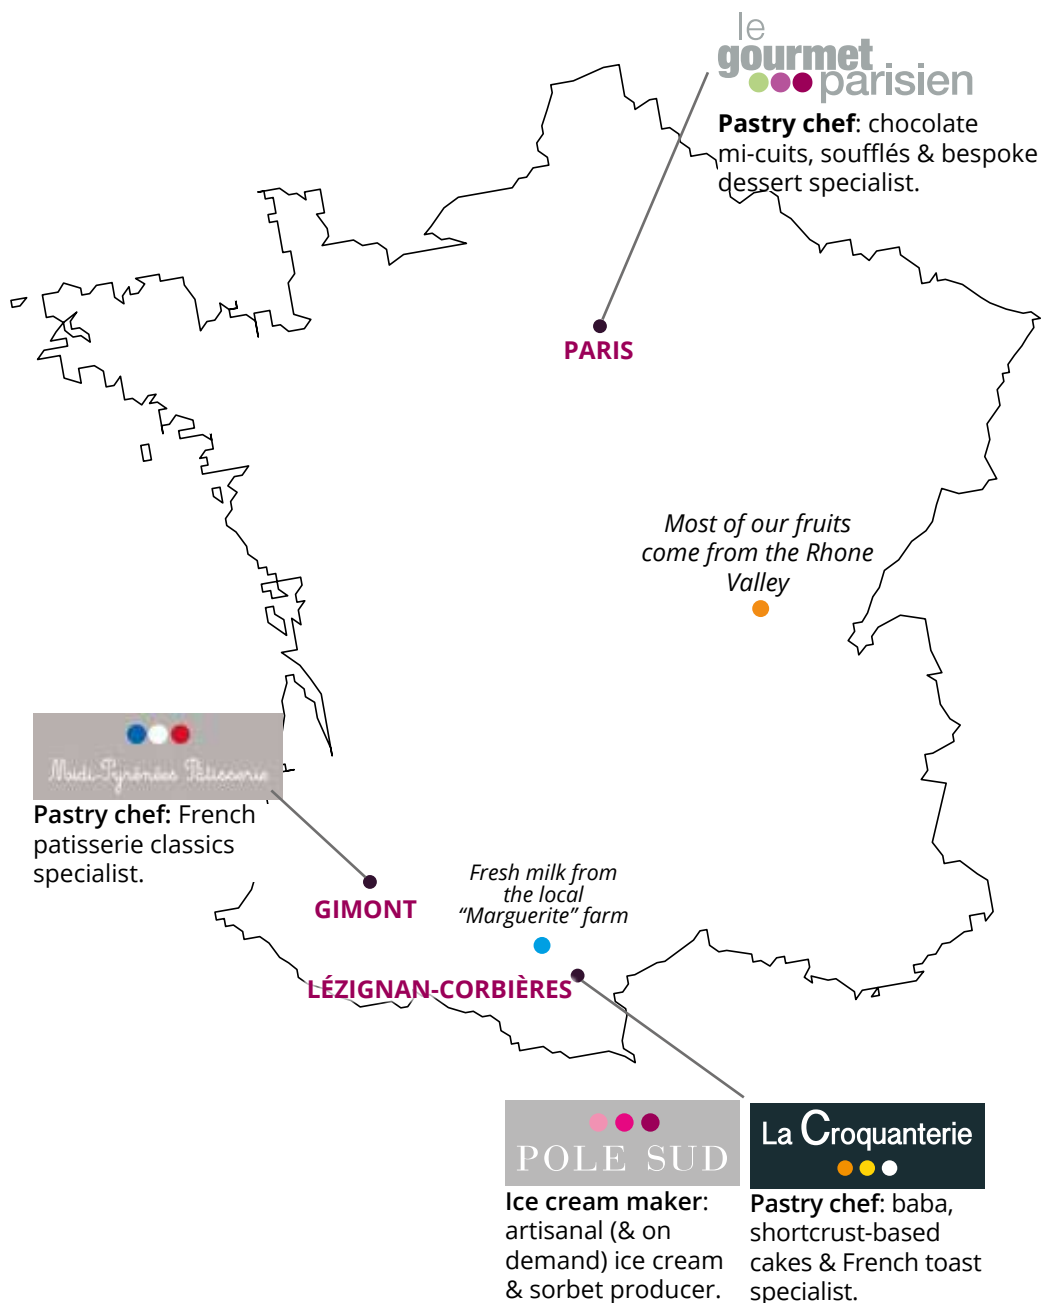

A CONSTANT QUEST FOR SUSTAINABLE RAW MATERIALS

We select our raw materials for their good taste with a labeled and rewarded origin mostly from France or elsewhere.

We are developing, as far as possible, products with a controlled amount of sugar addition, without flavours, without colourings... or looking for eco-friendly containers.
